About us

Antje Fleischer

„I spent an important part of my childhood on the island of Zanzibar, the place and the wonderful people won my heart. Every time during our stay we have been confronted by extreme poverty and misery. This was our reason for founding GO FOR ZANZIBAR (NGO) in 2010.“

Mario Müller

„First I was just my wife's travel companion. But very quickly I was thrilled by the project and started to share the enthusiasm for Zanzibar and the African continent. Our mission is to empower independence and improve quality of life in Zanzibar.“

About Zanzibar

The East African island of Zanzibar belongs to an archipelago made up of Zanzibar and Pemba Islands and several islets. It is located in the Indian Ocean about 25 miles from the Tanzanian coast.

Tanzania with its islands belongs to one of the poorest states of the world (UN).

More and more, discovered by tourism, Zanzibar is characterised by beautiful sandy beaches with fringing coral reefs, and the magic of historic Stone Town - said to be the only functioning ancient town in East Africa.

Problems in social life - education, medical treatment and the supply for older and the poor - are often indiscernible for tourists and visitors.

Purpose and Projects

We only work on projects with local partners (NGOs). All projects are selected carefully by us personally. We visit and monitor the projects on a regular basis so that we can ensure that donations are being used efficiently and on a target-oriented manner.

Transparency is our furthest concern. Donators can at any given time obtain information about our work and current projects. When possible, donators can join us when visiting our partners in Zanzibar. We give advice in travel-planning, if needed.

Our projects and goals:

- > Support for (HIV)-orphans
- > Support for kindergartens and schools, training of teaching-staff
- > Allocation of micro credits to young women and young grown-ups
- > Amelioration of living conditions especially for elderly, destitute people
- > Amelioration of medical / health care
